TRADE AND DEVELOPMENT BOARD
Ad hoc Working Group on Trade Efficiency
Third Session
Geneva, 2 May 1994
Item 5 of the provisional agenda

FACILITATING TRADE

DRAFT GUIDELINES ON BETTER BUSINESS PRACTICES

Corrigendum

Page 13, paragraph 15.6, amend the Guidelines to read as follows:

Guidelines: Preshipment inspection should be regarded as an interim measure. Governments which require preshipment inspection for imports should be encouraged to simplify the inspection process. Random sampling techniques and periodic inspections for regular, approved exporters should be used.
